

Hello. Welcome, just more news from the practice - we have a new look! So don't miss us when you drive up!

But don't worry, the same friendly team are still here to help with your dental problems.

And yes we have a new baby! Marysia (one of our treatment co-ordinators) has had a lovely baby boy named - COHEN

*...sport? All too often we see fractured teeth, ... problems. This can easily be prevented by ... mouthguard. This year we proudly sponsored ... mmar Rugby teams by providing sports ... them!*

You may be aware that the school dental van no longer provides a comprehensive dental service.

Please feel free to attend our clinic with your children. We will be glad to see them here. We also have a dental therapist who has had previous experience working in the school service.

Our aim is to provide dental care for the whole family in a friendly, caring environment. If you feel unsure about any aspect of your treatment, please ask us or refer to our website for further information.

**We are constantly looking to improve our services to you, and are currently running a patient survey. Please take the time to provide us with your feedback. We value your opinion!**

Have you broken a tooth? Don't know what to do? Well now-a-days we have many ways to fix these problems. It may just need a small filling or if you have lost a lot of tooth structure then, maybe a crown!

Have you seen our new Website? Check it out. Contact us directly via email or phone .
